

- **Power Grid Corporation of India** is planning to take up new **Ziro-Daporijo-Along transmission line in Arunachal Pradesh**. The project involves setting up a transmission system to evacuate power from Ranganadi hydel power project. The scheme involves laying a 132 KV from Ziro to Along via Daporijo in Arunachal Pradesh. The estimated cost of the project is Rs.531.7 million. As of January 2020, the project is under construction stage.
- **REC Transmission Projects Company Ltd, A special SPV, Jam Khambhaliya Transco** is planning to take up new power transmission project in **Bhat Gam, Devbhumi Dwarka, Gujarat**. The project involves power transmission with capacity 2000 MVA. The company has filed industrial entrepreneurs' memorandum on February 2020. As of July 2020, the project is in planning stage.
- **Government of Arunachal Pradesh** is planning to take up new **transmission line construction project in Arunachal Pradesh**. The project involves construction of 132kV S/C (on D/C tower) Seppa to Bameng transmission line under comprehensive scheme for strengthening of transmission and distribution system. The estimated cost of the project is Rs.290 million. As of February 2020, forest clearance for the project is underway.
- **Mangalore Electricity Supply Company** is planning to take up new **transmission line project in Karnataka**. The project involves laying of 33 KV line from Navunda to Kollur Passing through Ulluru, Heruru, Kalthodu & Golihole Villages, Byndoor Taluk, Udipi District, Kundapura Division . The estimated cost of the project is Rs.9020 million. As of February 2020, forest clearance for the project is underway.

- **Rajasthan Rajya Vidyut Prasaran Nigam** is planning to take up new transmission line project in Jaisalmer, Rajasthan. The project involves construction of 132 KV S/C Chandan-Mohangarh transmission line. The estimated cost of the project is Rs.223.2 million. As of February 2020, forest clearance for the project is underway.
- **Power Grid Corporation of India** is planning to take up new transmission line in Rajasthan. The project involves construction for LOOP -IN portion LILO of 765 KV D/C Ajmer – Bikaner transmission line. The estimated cost of the project is Rs.4120 million. As of February 2020, forest clearance for the project is underway.
- **POWERGRID Khetri Transmission System** is planning to take up new transmission line project in Haryana. The project involves construction of 765 kV D/C Khetri-Jhatikra transmission line under transmission system associated with LTA Applications for Rajasthan Solar Energy Zone, Part -C to evacuate solar power from Rajasthan and transmit to nearby states. The estimated cost of the project is Rs.4113.4 million. As of February 2020, forest clearance for the project is underway.
- **Rajasthan Rajya Vidyut Prasaran Nigam** is planning to take up new transmission line in Jaipur, Rajasthan. The project involves construction of 220 KV S/C, 2-phase line on D/C towers from 400 kV GSS RVPN, Ajmer for 220/25 KV TSS Kishangarh (Ajmer) alongwith 2.5 KM length through 1200 sq.mm. cable. The estimated cost of the project is Rs.200 million. As of February 2020, forest clearance for the project is underway.
- **Skipper** is planning to take up new black telecom fabrication project in Barunda, Howrah, West Bengal. The project involves fabrication of black telecom/transmission line structure with capacity 5000 MTPA. The company has filed industrial entrepreneurs' memorandum on December 2019. As of March 2020, the project is in planning stage.
