

NTPC Renewable Energy Limited (NTPC REL) has given **Pennar Industries Limited** an order for its projected 500 MW AC/625 MW DC Solar PV project at Bhadla, Rajasthan.

The project's scope covers design, engineering, supply, construction, erection, testing, and commissioning in addition to a three-year maintenance and operation agreement. The project will be finished in twelve months.

Pennar Industries Limited Vice President, Corporate Strategy, Sunil Kuram says, "we are excited about this win and it demonstrates our commitment to maximise our contribution in India's renewable journey. It is our vision to be an ecosystem player and is our strategy to grow as an integrated company with dominant presence in solar EPC, manufacturing and adoption of world class technologies. It's is our privilege to work with **NTPC** fulfilling India's grand vision about solar energy".

Pennar group, with presence across multiple locations is a leading value-added engineering products and solutions company.
