

Nuberg EPC, a leading Indian global EPC and turnkey project management firm, has been awarded the coveted 10 TPD 2nd Generation Bio-Ethanol from Biomass plant project in Panipat on an LSTK basis.

[Indian Oil Corporation Limited](#) owns the project, which will produce ethanol for fuel mixing. Nuberg EPC will be the project's single-point solution provider from concept through commissioning.

The project will be completed in 11 months, with mechanical completion anticipated for June 2022.

The 10 TPD Bio-Ethanol project is based on technology developed by IOCL's R&D team, and is thus a Bio-Ethanol project that is entirely made in India.
