

Om Infra Limited, a prominent EPC Company in water, irrigation, and hydroelectric projects with diverse business related to engineering and mechanical components, turnkey solutions from design drawing to complete commissioning, has received a letter of award for “survey, design, preparation of DPR, construction, commissioning, and O & M for 10 years for rural water supply” for a total of villages of 1051 in two divisions of Moradabad in Uttar Pradesh namely Rampur and Amroha from the state water supply and sanitation mission , Govt of Uttar Pradesh for an approximate estimated value of Rs.1051 cr.

Commenting on the development, Mr. Vikas Kothari, Managing Director & CEO said that, “We are very delighted to win this prestigious order from Government of Uttar Pradesh in the water distribution segment. It takes a quantifiable leap in project bandwidth and revenue streams and prompts us to prepare for much higher leaps in the near future.

We are aggressively focused on enhancing our footprints in India’s Neighbouring countries and Africa through our core business. With our order pipeline brimming with several more opportunities on all fronts, we are bullish on our growth in the water infrastructure EPC business in the years to come.”
