

Pawsun Minerals And Coal Benefication is a company based in Madhya Pradesh, India, that focuses on mining, minerals, and coal beneficiation. They are planning to set up a new wet type coal washery in Gareriya, Singrauli, Madhya Pradesh. The project is aimed at establishing a 2.48 MTPA wet type (Heavy Media) coal washery to improve the quality of coal for use in power generation and other industries. The project is estimated to cost around Rs.788.6 million and construction is scheduled to begin in December 2023, with an anticipated completion date of October 2024. As of February 2023, the company is still awaiting environmental clearance for the project. The establishment of the new coal washery is expected to boost local employment opportunities and contribute to the economic growth of the region.
