

[Sadhana Nitro Chem Limited \("SNCL"\)](#) has announced the capacity expansion and debottlenecking of its current plant.

Due to the high demand for our ODB2 on a global scale, SNCL is raising its ODB2 capacity from 550 TPA to 2000 TPA.

SNCL intends to use 60% of the ODB2 plant's enhanced capacity in Q4 of FY 2022-23 and above 90% in Q1 of FY 2023-24.

SNCL has started successfully manufacturing PAP achieving desired quality and output level under batch process.

Multiple local and export clients have approved our quality and all material (albeit small quantities, of product) manufactured through batch process manufacturing has been sold out.
