

Spenta Corporation has introduced Amber as part of its Ornata project in Mumbai's Chembur neighbourhood. The new skyscraper will be built in collaboration with the Mumbai-based Sabari Group.

Ornata will provide completely furnished 1BHK and 2BHK residences beginning at Rs 76 lakhs and Rs 1.15 crore, respectively. The proposed 26-story tower will include eight flats on each floor. It is full of social facilities and has a view of the Bandra-Worli Sea Link as well as connection to the Eastern Express Highway and the Santacruz-Chembur Link Road.

"With demand in the housing sector in the city of Mumbai witnessing a significant uptick, we thought it was an opportune time to launch Amber at our new project Ornata. We promise to deliver the very best to our customers and are hopeful to achieve good sales with our launch offers and the approaching festive season," Spenta Corporation MD Farshid Cooper said.
