

In the Tamil Nadu district of Tirunelveli, Sunsure Energy has declared the completion of its 74 MWp Open Access Solar Project. After this project is finished, Sunsure will have 250 MW of solar capacity deployed throughout 16 Indian States.

[Sunsure Energy Pvt. Ltd.](#) is Cleantech Solar's Turnkey EPC partner for this project, which will provide more than 12.36 crore green energy units annually to some of Tamil Nadu's top power-hungry enterprises.

Industrial customers who have signed long-term open access power purchase agreements (PPAs) with Cleantech Solar will use the energy.

Some of the largest industrial facilities in India choose Sunsure Energy as their solar power transition partner.
