

SYSTRA - Egis Rail - Consulting Engineers Group JV has emerged as the preferred bidder for the General Consultant (GC) work of the 106.5 km Delhi - SNB (Shahjahanpur - Neemrana - Behrod) Regional Rapid Transit System (RRTS) line.

The proposed Delhi-SNB semi-high-speed RRTS line would have a design speed of 180 km/h and an operational speed of 160 km/h, just as the 82.15 km Delhi-Meerut RRTS line. It will eventually be expanded 35 km to Sotanala and 58 km to Alwar in the south.

In order to quickly construct this line via help in design, monitoring, safety, quality control, and contract management, National Capital Region Transport Corporation (NCRTC) has requested proposals (bids) for this crucial consultation service in October 2020.
