

Tata Power has reached a new milestone by establishing a nationwide network of more than 1000 electric vehicle (EV) charging stations. On Tuesday, the company's shares were trading in the green.

Tata Power was up 6.5 percent on the Sensex at 11.34 a.m., trading at Rs227.55 per share. In the early trades of the same index, the stock soared over 9% to an intraday high of Rs232.40 per piece.

This network of 1000 public EV charging stations gives Tata Power customers with creative and smooth EV charging experiences in Offices, Malls, Hotels, Retail Outlets, and other public areas, allowing clean mobility and removing range anxiety.
