

The Tatas have been given a contract to build a 100MW solar project with a battery energy storage system (BESS) in Rajnandgaon, Chhattisgarh, by the state-owned SECI. The project will show how solar electricity may be used to provide clean energy during nighttime peak hours by utilising a big battery storage system such as BESS.

According to a statement from the Ministry of New and Renewable Energy (MNRE), the contract has been granted to [Tata Power Solar Systems Ltd.](#)
