

The Maharashtra State Electricity Distribution Company (MSEDCL) has issued a letter of award (LoA) to Tata Power Company's wholly owned subsidiary TP Saurya (TSPL) for the construction of a 300 MW hybrid power plant.

Tariff-based competitive bidding was used to award this project, which was then followed by an e-reverse auction.

In a bid announced by MSEDCL, the company obtained this letter of award (LoA). Within 18 months of the PPA's implementation, the project will be commissioned.
