

Tata Power, one of India's largest integrated power companies and a leading EV charging infrastructure provider, has formed a strategic partnership with [Hyundai Motor India Limited](#) (HMIL), the country's first smart mobility solutions provider and the country's largest exporter since its inception, to develop a robust [EV charging](#) network and accelerate the adoption of electric vehicles across the country.

Hyundai Motor India Ltd. will become a vital contributor to the growth of high-quality charging infrastructure as a result of this partnership.

In the presence of Dr. Praveer Sinha, CEO and MD of Tata Power, and Unsoo Kim, MD and CEO of HMIL, the MoU was signed at HMIL's headquarters in Gurugram, Haryana.

Under the partnership, Tata Power will install Tata Power EZ Charge fast chargers (DC 60 kW) at HMIL's existing 34 EV dealer locations across 29 cities along with supply, installation, and commissioning of home charging for HMIL's EV customers. The association will make Tata Power and HMIL key contributors to the expansion of charging infrastructure.
