

A glass manufacturing facility will be built in Telangana by SGD Corning Technologies Pvt Ltd, a joint venture between Corning Inc and SGD Pharma, at a cost of Rs 500 crore. This project will directly and indirectly employ 1,500 people.

Telangana Minister for IT and Industries K T Rama Rao in a tweet said, “Delighted to break-ground for the world-class glass manufacturing facility of @Corning, a US based fortune 500 company and France based @SGDPharma being esta ..

The project will have strategic importance, as it not only supports growth of Telangana’s life sciences sector and helps consolidate the state position globally, but also aligned with the efforts of the government, under the leadership of Chief Minister K Chandrasekhar Rao to promote holistic growth, inclusive development and job creation across the State, he said. Meanwhile, an official release said the National Centre for Additive Manufacturing (NCAM) inaugurated its new state-of-the-art facility at the Technology Development Centre, Osmania University.
