

Thermax has received an order for two flue-gas desulphurization (FGD) systems worth Rs 545.6 crore.

According to a BSE filing, Thermax Ltd has received an order for Rs 545.6 crore from an Indian electricity public sector company to install FGD systems for two facilities with 500 megawatts (MW) each in Uttar Pradesh.

The FGD systems will be installed at their plant to reduce SOx emissions and meet air quality criteria for power plants, according to the company.
