

Chief Minister M K Stalin laid the foundation stone for the Tertiary Treatment Reverse Osmosis (TTRO) facility for the SIPCOT industrial estates in Hosur by Chief Minister MK Stalin. Stalin lay the cornerstone for the Rs 187.20 crore TTRO facility, which would have a 20 mld capacity and will be built to provide treated water from Kelavarapalli Dam to the SIPCOT industrial parks and other businesses there.

According to a press release from the State administration, the first part of the TTRO plant project, which will be carried out in two phases, will be finished in 15 months.

As many as 800 industrial units would benefit from the TTRO plant which would cater to the water requirement of the Hosur SIPCOT industrial estate spread across 2,092 acres, Shoolagiri SIPCOT industrial estate measuring 989 acres and a new SIPCOT industrial park to come up over 1,800 acres.
