

A significant worldwide infrastructure EPC firm, RPG Group Company KEC International Ltd., has received fresh orders totaling Rs. 1,373 crores for its various operations.

In India, the conventional/emerging and technologically advanced segments have placed orders with the Railways company for orders that include:

- Automatic Block Signaling (ABS) - Orders for Signaling & Telecommunication for Automatic Block Signaling (ABS) system
- Semi High-Speed Rail - Orders for 2 x 25 kV Overhead Electrification (OHE) & associated works for speed upgradation

The Civil business has secured orders in the residential and commercial building segments in India.

Vimal Kejriwal, MD & CEO, KEC International said, "We are pleased with the new order wins secured across our business verticals, especially in Railways. In line with Government's focus on increasing capacity, speed and safety of Indian Railway network, we have forayed in the emerging segment of Automatic Block Signaling (ABS) to increase line capacity through automation. Our Civil business continues to witness an exponential growth trajectory which is reflected in the orders secured. The repeat order in T&D from an existing private developer reaffirms the growth of the India T&D business. We are also witnessing a good traction in the tower supply orders, especially in North America."
