

Trident has completed a 7.6 MW solar power plant for captive use in Budhni, Madhya Pradesh. In order to contribute to a greener world, the Group aspires to reduce carbon emissions by using renewable and clean energy.

According to the regulatory filing, this 7.6 MW solar power project is planned to produce 33500 units per day, which would be consumed in industrial plants in Budhni, Madhya Pradesh, resulting in significant cost savings for the company.

On the BSE, the stock is now trading at Rs40.60, up Rs1.9 or 4.91 percent from its previous close of Rs38.70.
