

Dixon Technologies (India) Limited's Dixon Devices and Dixon Solutions, both wholly owned companies, have acquired approval from the Indian government to manufacture white goods (air conditioners and LEDs) components under the Production Linked Incentive Scheme.

Dixon Devices has been given permission to produce parts for air conditioners. Dixon Devices plans to manufacture Controlled assemblies for I.D.U, O.D.U, or remotes within the terms of the stated approval. Dixon Solutions, on the other hand, was granted permission to produce LEDs. Dixon Solutions wants to produce LED lighting components as a result of the aforementioned approval.
