

The Yogi Adityanath government has made the decision to build industrial clusters alongside every motorway.

Meerut, Hapur, Bulandshahr, Amroha, Sambhal, Budaun, Shahjahanpur, Hardoi, Unnao, Rae Bareli, Pratapgarh, and Prayagraj would all be connected by the Ganga motorway.

Industrial clusters would be constructed along all of the districts that the Ganga motorway will pass through, according to the UP Motorways Industrial Development Authority (UPEIDA), which is in charge of carrying out all motorway projects in the state.

“Process to identify locations for industrial clusters along the Ganga Motorway has begun,” a UPEIDA official stated.

Pharma parks, textile parks, plastic moulding facilities and other industrial facilities from various sectors will be built along the Ganga motorway, according to officials.

Investors who approached the state government in the Global Investors’ Summit -2023 in February this year will also be offered land along the expressway.
