

Vishal Fabrics has announced the addition of a new denim line, which will begin production at the end of March 2022 and have a total capacity of 10 million metres per year.

In addition, the business wants to establish a second denim line with a capacity of 10 million metres per year, which will begin in H2FY23. The firm now operates eight denim lines with a total yearly capacity of 80 million metres.

The Dholi Unit's annual capacity will expand to 100 Mn Mtr per year with the installation of these two lines.

In the entire year of operation, these investments are estimated to raise income by Rs. 160 crore per line.
