

The board of [Vishnu Chemicals](#) has authorised an investment of up to Rs 1,000 crore for the construction of greenfield projects in the states of Gujarat and Andhra Pradesh, the company declared. The investment proposal for building an integrated factory for specialty chemicals over the course of the following five years was approved by the board. The manufacturer of high performance specialised chemicals is called Vishnu Chemicals. Millions of people's lives are either directly or indirectly impacted by our goods thanks to their use in pigments and dyes, plating, pharmaceuticals, construction, glass, wood preservatives, vehicles, and other industries. The company's four top-notch manufacturing facilities provide its fundamental competencies.
