

Andhra Pradesh Med Tech Zone Limited and [Vivo Bio Tech Ltd](#) have signed a lease agreement for the establishment of a new facility at the Andhra Pradesh Med Tech Zone (AMTZ) Campus, Pragati Maidan, Visakhapatnam, Andhra Pradesh.

In the case of huge animals, Vivo currently lacks capacity. Vivo's small animal portfolio now includes pigs and canines, thanks to the new facility.

When fully operational, the new facility will be able to accommodate up to 178 large animals. Vivo has assumed control of the entire site. By the end of March, vivo expects to have operationalized 25% of the capacity, and by the end of FY 22-23, the entire plant will be operational.
