

Waaree Renewable Technologies Ltd bags solar power project order for 221.8 MWp DC | 1

One of India's top steel manufacturing companies has awarded Waaree Renewable Technologies Ltd (formerly Sangam Renewables Limited) a Letter of Award (LoA) for the execution of Engineering, Procurement, and Construction (EPC) works for a solar power plant with a 221.8 MWp DC capacity.

"We have received a Letter of Award (LoA) from one of India's leading steel manufacturing companies for the execution of Engineering, Procurement and Construction (EPC) works of a solar power project of 221.8 MWp DC capacity," the company said in a BSE filing.

The order is placed by a renewable energy arm of one of India's leading steel manufacturing companies.

According to the contract terms, the project is anticipated to be finished in FY 2023-2024.
